

# Power Manager 16-230-SA

## INNOVOLT PM 16-230-SA

This essential electronics protection appliance continuously monitors AC power using advanced microprocessor-based technologies and remediates against the ill effects of power disturbances. With LCD screens alerting to issues immediately, the Power Manager provides deluxe protection and monitoring. In conjunction with the Power Doctor or Power Doctor SmartPhone Adaptor and the Innovolt Management Cloud, you can graphically view and analyze the number and type of disturbances your Innovolt appliance has protected against.

### Features:

- Microprocessor-based protection algorithms
- LCD display shows disturbance history
- Compatible with the Power Doctor and Power Doctor SmartPhone Adaptor
- Industry leading defense against current inrush resulting from voltage sags & brownouts
- Ultra-fast reaction to dangerous over voltage
- Post-blackout reclose sequence protection
- 3-Stage MOV protection against voltage surges
- 4th order, two stage EMI/RFI filtering
- Network (RJ45) protection circuit
- Telephone (RJ11) protection circuit
