'We believe that greatness exists within each of us. Our business is about people.

We create exciting and fresh environments in which people grow.

We drive growth in our people who deliver exceptional value to our clients.

When our people grow, our clients grow:

As our people grow, we learn how to deliver better solutions to problems – some of which our clients don't know they have.

When we solve these problems, our client's businesses become more profitable (and we build their trust further).

When our clients' business grows, they tell their people and their clients.

When they tell their people and their clients, our business grows.

Steven Tetluk

Managing Director

## 4 OUR STORY...SO FAR

### A WORLD CLASS LEADER IN DOCUMENT SOLUTIONS

Previously part of the Reunert Group of companies, the company has had a credible history spanning many years as a business leader, serving the needs of South Africa's top companies. The company began life as Panasonic in the mid-80s and has retained its strength with this brand. In May 2017, Reunert Ltd agreed to uncouple the Distribution Business from the Direct B2B Branches. The Direct B2B business and the 3 branches were purchased by the current and previous senior management in an MBO in order to unlock greater value to the clients through a skilled, dedicated and innovative management team.

## WAS CREATED

## The Smart Idea Group GROWTH | THINKING | TECHNOLOGY

## 5 Copiermarket Smart · Certified

Copier market, a wholly owned subsidiary of The Smart Group (TSG) is a Level 4 B-BBEE contributor, with a specific focus on new and remanufactured Kyocera copiers, printers and Panasonic PABX systems. With the national financial and infrastructural backing of TSG, Copier Market has the unrivalled ability to provide cost effective office automation solutions to match any office or school/training requirement. Copier Market was borne to satisfy the ever growing need for office equipment rentals to clients who may not qualify for traditional financing options. We provide world class service and maintenance through TSG to a broad spectrum of clients, which includes Copier Market's innovative financing options and prepaid service agreements on remanufactured equipment.

Of course Copier Market, as a TSG company, also supplies and services new equipment and offers traditional financing options to SME's and large corporates, using the TSG backing and national infrastructure.

3 Year service warranty

On-site technical support

## EXIST

When our people grow, our clients grow: As our people grow, we learn how to deliver better solutions to problems – some of which our clients don't know they have. When we solve these problems, our client's businesses become more profitable (and we build their trust further).

When our clients' business grows, they tell their people and their clients. When they tell their people and their clients, our business grows.

# SIMPLE FACTS ABOUT US

2 500 + Valued Customers

**4200** + Machines

240 million (and growing) prints

Tens of thousands
VoIP minutes

Wonderfully passionate and driven team of 130 men and women who make this formidable business deliver results every day to our valuable and mostly long-time clients.

### **WHAT**

## **WEARE HERE FOR**

The Smart Group is an Authorised Dealer for PanSolutions which distribute the ever reliable Kyocera Document Solutions in addition to being an authorised dealer for the never- say-die Panasonic PABX business systems and an ECN Service Provider; accredited to install, manage and invoice VoIP minutes over the ECN Network. In addition to these global giants, The Smart Group has a Smart Surveillance, CCTV & Access Control product range, which has been specifically selected to enable your business technologically.

Decades of working with many leading companies has given us a birds-eye view of what good companies do better, enabling us to fine-tune our offering and innovate all ways.

### STEVE TETLUK MANAGING DIRECTOR

The Group is led by MD Steve Tetluk (51), who has been in this industry since the early 90's, and involved with the Panasonic OA business in various forms as an employee and owner for 17 years.

### TREVOR DALTON FINANCIAL DIRECTOR

Financial Director Trevor Dalton (CA) SA (51) heads the Finance and administration Team; he has a wealth of experience and knowledge gained in senior positions across varied industries including Insurance, Tax, Office Automation and the motor industry.

### GARETH WILMOT SALES DIRECTOR

Gareth Wilmot (42) leads the sales teams around the country as Sales Director, ably assisted by the various Branch and Sales Managers across the country – he has held various Senior Sales positions in the group since 2000, culminating in GM for the largest branch in 2014 – Gauteng.

### **OUR WEALTH OF SMART TECHNICAL SUPPORT**

**WHO WE ARE**

### **OUR STRUCTURE AND RANGE OF SOLUTIONS**

What we do best

WE ARE DRIVEN BY CREATING EXPERIENCES THAT DELIVER RESULTS FOR YOUR BUSINESS AND FOR YOUR CONSUMERS

### LEADING BRANDS / OUTSTANDING PRODUCTS

The Smart Idea Group has the capacity to support the largest electronics brands such as Kyocera Document Solutions and specialize in Document Management Systems where we design processes which optimize staff effectiveness through automating tasks; freeing up staff to focus on clients and not data capture - decreases costs and increases profitability and client retention. With our team of experienced professionals, we can help you to design and profit from the new economy.

# Printed Communication Kyocera, Riso Verbal Communication Panasonic, ECN Video Conference & Boardroom Interactive Education Solutions Copier Market Power Management Solutions

### **ECN VOIP SERVICE PROVIDER**

As an ECN VoIP Service Provider we can provide our clients with the ideal solution – it's not all and only about the "cloud" – many solutions are not ideal for this – so we rather understand the unique needs and design a voice solution accordingly.

## TECHNOLOGY & BUSINESS

Serving the needs of business for decades, we have the latest technical knowledge and business acumen to create systems that not only ensures you get the most out of your assets, but streamlines real-time productivity. Providing a comprehensive range of business hardware combined with best of breed software applications, The Smart Idea Group offers powerful tools to optimise your output. Through the services of highly professional IT Consultants, The Smart Idea Group service bridges the gap between technology and business.

### **REGIONAL SALES AND SERVICE**

With our own nationwide footprint in Gauteng, Cape Town and Durban in addition to a 12 strong regional dealer network, we are ideally placed to effectively manage service and supply regionally for you.

### **SHORT PRESENTATION OF OUR SERVICES**

And we can do more!

We offer a complete range business solutions including:

### **SMART CCTV SURVEILLANCE & ACCESS CONTROL**

And we can do more!

The Smart Idea Group is one the leading suppliers of CCTV, Access Control and related electronic security systems in South Africa. We supply an extensive range of CCTV, Access Control & Intruder detection equipment from internationally acclaimed manufacturers.

We specialize in providing high quality Electronic security equipment in the following sector of the industry:

**DIGITAL & NETWORK ANALOGUE & IP CCTV VIDEO / FIBRE RECORDERS AND CAMERAS TRANSMISSION ENCODERS ACCESS CONTROL NETWORK WIRELESS BIOMETRIC SYSTEMS SYSTEMS & PRODUCTS ACCESSORIES OFFSITE MONITORING INTRUDER DETECTION MONITORS** (VIDEO & ALARM) **SOLUTIONS** 

### **DIGITAL MEDIA SOLUTIONS**

Digital Media Solutions is a group company which is a niche digital media integrator for the advertising and franchise market is providing infrastructure and supporting content on screens across Africa in KFC stores as far north as Ghana;

And as close by as our very own Gautrain network – design, manufacture, installation and support on all 10 stations; platform information and advertising screens, escalator screens and touchscreen information kiosks. Having also manufactured bespoke single and double-sided kiosks for all three international airports, DMS has the knowledge and capacity to deliver bespoke innovation to the FMCG, QSR and digital media industry across Africa.

### **SMART MOBILE**

Smart Mobile is a subsidiary company of The Smart Idea Company (Pty) Ltd and a technical service provider for the telecommunications industry with 20 years management experience in the telecommunications sector and 60 years combined technical experience. Our technical and distribution centre is situated within The Smart building in Kyalami Business Park, Johannesburg. Smart Mobile is WEEE compliant (Electronic waste directive would be to utilize all means possible to reuse and only then recycle) PoPI compliant and B-BBEE certified Level 4.

## 16 OUR HEAD OFFICE COMPLEX

34 MONTE CARLO CRESCENT, KYALAMI

### 34 MONTE CARLO CRESCENT, KYALAMI

With our Head Office based centrally in Kyalami, Midrand to effectively service the needs of our clients in Gauteng, The Smart Group offers nationwide service and support through a network of local PanSolutions dealers as well as our very own regional branches in Durban and Cape Town.

Meeting the needs of business and offering quick-turnaround with 24/7/365 service delivery (in our branches only) and a very responsive service in all regions in the economy. Furthermore, The Smart Idea Group has direct access to a PanSolutions dealer presence in neighbouring countries in the region including Swaziland, Botswana, Mozambique and Namibia. Thus, extending innovation and service, beyond our borders.
